After he had finished, another yeteran, Gilbert Chapman, taller, but no straighter, with a Hancock goatee of purest white, jumped into the ring, and he showed what he could do. He was so lively that three or four Daughters of Veterans sailed out into the middle, and, grabbing veterans right and left, formed an old-time square dance and there was bedlam for full five minutes. These Daughters of Veterans had no hesitation in giving their names for publication, either. Corp. Tanner and his daughters held a reception Monday evening at which more than 600 Grand Army comrades were their guests, among whom were Commander-in-Chief Palmer, Adj. Gen. Newman and Candidates Monfort and Cole, who are close rivals for commander-in-chief in the election to be held tomorrow.

The gates of the Botanic Garden were locked yesterday morning while the parade was getting under way, but they were immediately unlocked when the parade had passed, and will be kept open for the convenience of Grand Army visitors. Thousands of these old soldiers and their friends visit the garden each day. Supt. George W. The Merrimac entered the roads and engaged first the Cumberland and the Congress, and then the shore batteries. For some reason the Merrimac entered the roads flying the Union Jack, not

Assisted by the women of his family Assisted by the women of his family, Col. William Edgar Rogers, now living on Park road, this city, one of the original members, entertained a number of comrades of his old company at his home Tuesday night. A majority of them are residents of Brooklyn, and members of Winchester Post, No. 197. Among those present were Comrades W. A. McNulty, Charles Farquhar, E. A. Dubey, C. W. Cowtan, Thomas Bettridge, John J. Fagan, J. V. N. Peek, M. Connery and Maj. Lucius L. Durfee, U. S. A.

Michael A. Donnelly of 1336 Harvard street, then a boy in "short pants," saw the first parade through the bars of an iron fence that inclosed Lafayete Square, just in front of the White House. He was so small that he managed to occupy unmolested the same position at the fence for the two days that it took for all the soldiers to pass. A little girl, accompanied by her parents, saw the same parade from a position at 20th and the avenue. She afterdards became Mrs. Donnelly.

The oldest soldier in point of service to march in the grand review was Past Commander S. G. Mawson. Commander Mawson has fifty-two years' service to his crédit, active and retired. In the regular establishment he served as follows: Sixth and 4th United States Cavalry, 17th 13th, 4th and 7th United States Infantry; United States provost guard and United States Marine Corps. From said corps he was honorably retired.

The last man to speak with Dr. Mary Walker before she was captured by the Confederates in Georgia in 1864 was Robert M. McCann of the 1st Ohio Vounteer Cavalry, according to a story he told today.

"I was on outpost duty in Georgia during '64 when all of a sudden one fine morning a woman dashed up mounted on a splendid horse." he said.

"I halted her and she quickly said: I am Dr. Mary Walker and am on an errand of mercy."

"At once I lowered my gun with the suggestion, 'You should leave your horse here.'

"However, she said she would not and rode from our lines. I think it was about two minutes thereafter before she went into the Confederate lines. The horse was the first prize taken and then Dr. Walker went off a prisoner. I think she was held for at least a year. At least it was a year afterward when I saw her in Tennessee."
